

SAIBABU CHIMMA

FULL STACK DEVELOPER — REACT.JS | NODE.JS | NEXT.JS | TYPESCRIPT

+91-9701560676 | saibabuchimma888@gmail.com | Visakhapatnam, India

linkedin.com/in/saibabuchimma | github.com/saibabuchimma-dev

PROFESSIONAL SUMMARY

Full Stack Developer with around 3 years of experience building scalable, responsive web applications using React.js, Next.js, JavaScript, Node.js, Express.js, and TypeScript. Experienced in developing and integrating REST APIs, implementing JWT-based role-based authentication, and deploying applications using AWS, Amazon S3, Git, and CI/CD pipelines. Skilled in translating requirements into Figma wireframes and UX flows to align UI design with development, within Agile sprint cycles. Familiar with AI/LLM prompt engineering and AI-assisted development workflows, delivering maintainable full stack architectures across AI powered startup validation, job portal, and enterprise platforms.

CORE COMPETENCIES

Languages & Frameworks: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Node.js, Express.js

Backend & API: REST API Development & Integration, JWT (JSON Web Token) Authentication, Role-Based Access Control

State Management: TanStack Query (React Query), Zustand

Styling & UI: Tailwind CSS, Mantine UI, Responsive Web Design, Figma (UX Wireframing & UI Planning)

Databases: PostgreSQL, MongoDB

Cloud & DevOps: AWS, Amazon S3, Git, GitHub, CI/CD Pipelines, Git-Based Deployments, Deployment Automation

Testing & Tools: Jest, VS Code, Chrome DevTools, ESLint, Prettier, Axios

AI-Assisted Development: GitHub Copilot, Cursor, OpenAI Codex, Antigravity, OpenCode AI, Claude Sonnet 5, Claude Opus 5, Gemini 3.8 Flash

Core Concepts: Component-Based Architecture, Agile/Scrum, Sprint Demos, Performance Optimization

PROFESSIONAL EXPERIENCE

Junior Software Engineer — Full Stack Developer

SRYTAL Systems India Pvt Ltd Jan 2025 – Present | Hyderabad, India

Projects: BringEx – Logistics & Shipment Tracking Platform (In Progress) · Axiara Pulse – AI-Powered Startup Validation & Mentorship Platform · JobSetu – Job Portal Platform · SRYTAL Systems Company Website

- Designed and refined UX wireframes and UI mockups in Figma to align requirements with team and client expectations before development.
- Built responsive, scalable web applications using React.js, Next.js, TypeScript, HTML5, and Tailwind CSS, ensuring consistent cross-device UI experiences.
- Developed reusable React components and modular UI architectures using feature-based folder structures, custom hooks, and domain-driven organization.
- Built and integrated REST APIs using Node.js and Express.js, and consumed them via Axios and TanStack Query for efficient data fetching, caching, and optimistic UI updates.
- Implemented JWT token-based authentication with role-based access control (RBAC) and protected routing across multi-role user applications.

- ▮ Leveraged Next.js App Router, React Server Components, and SSR to improve application performance, SEO, and initial page load times.
- ▮ Developed TanStack Table-powered with advanced search, filtering, sorting, pagination, and URL-synchronized state.
- ▮ Deployed and maintained applications using Git-based workflows and CI/CD pipelines, and used AWS and Amazon S3 for static asset and website storage.
- ▮ Collaborated with backend developers to integrate APIs, troubleshoot issues, and ensure seamless end-to-end application functionality.

Frontend Developer

Vanmayi Technologies Nov 2023 – Oct 2024 | Hyderabad, India

Worked as a Frontend Developer, developing and enhancing responsive web applications using React.js, JavaScript, HTML5, and CSS3.

- ▮ Developed reusable React.js components, implemented frontend features, integrated APIs, and built interactive user interfaces following modern frontend development practices.
- ▮ Worked on R&D tickets involving technical research, feature enhancements, UI improvements, bug fixing, and evaluating frontend solutions for application requirements.
- ▮ Performed manual testing, debugging, cross-browser testing, and responsive testing to identify and resolve UI and functional issues, ensuring reliable and consistent application behavior.

PROJECTS

BringEx – Logistics & Shipment Tracking Platform [In Progress]

Technologies: Next.js, TypeScript, Tailwind CSS, Mantine UI, TanStack Query, Zustand, Recharts, React Hook Form, Axios, Jest

- Scalable logistics management platform covering shipment lifecycle management, warehouse operations, driver tracking, and analytics reporting. Built with Next.js SSR, React Server Components, real-time dashboards, and role-based access control for enhanced operational visibility.

Axiora Pulse – AI-Powered Startup Validation & Mentorship Platform [Completed]

Technologies: React, TypeScript, Tailwind CSS, shadcn/ui, TanStack Query, Zustand, React Hook Form, Zod, Axios, Jest

- AI workspace that helps founders and teams turn startup ideas into validated opportunities — covering idea intake, structured market-demand questionnaires, public and authenticated customer surveys, multi-turn AI mentor chat, role-based authentication, and an admin dashboard for user and question management.

JobSetu – Job Portal Platform [Completed]

Technologies: React.js, TypeScript, Tailwind CSS, Mantine UI, MongoDB, Zustand, React Hook Form, Axios

- Multi-role job portal supporting Candidates, Employers, Recruiters, and Admins with role-based dashboards, advanced job search and filtering, protected routes, REST API integration, and form validation using React Hook Form and Zod.

SRYTAL Systems India Pvt Ltd – Company Website [Completed]

Technologies: React.js, TypeScript, Tailwind CSS, Mantine UI, MongoDB, Zustand, React Hook Form, Axios

- Developed the company's responsive corporate website using React.js and TypeScript, featuring dynamic pages, service sections, and organizational information.
- Implemented responsive UI components, contact forms, API integration, state management, and layouts optimized for mobile, tablet, and desktop.

EDUCATION

Bachelor of Technology — Civil Engineering

WISTM Engineering College, Affiliated to Andhra University | 2020 – 2023 | 70.02%

Diploma — Civil Engineering

Sri Vasavi Engineering College, SBTET Andhra Pradesh | 2019 | 68.37%

CERTIFICATIONS

React.js Development Certification — Udemy | 2026

Covers React fundamentals, component architecture, hooks, and modern frontend development practices.

Prompt Engineering — AWS Skill Builder | 2026

Covers prompt engineering fundamentals, LLM interaction, prompt optimization, and AI-assisted development workflows.
